At Panzeri we strive to be among the leading specialist in sportswear design and production, our legacy:

FABRICS
Designed and produced in our own mill, we have many years experience in the treatment of cotton, our high specifications make our branded fabrics both colour fast and shrink resistant. Customers rely on these essential requirements, this is why our clothing range is so popular in sport, leisure and jogging.

INNOVATIVE DESIGN
We produce attractive and functional clothing for many sports clubs and teams at the top of their game, our synthetic fibres are non-skin irritating, easily laundered, most importantly keeping their shape and aesthetic look. Our digital system allows us to give all these features combined with a personalised design and cost effective price.

EXTENSIVE RANGE
Year on year we add to our model range, our catalogues now offer about 110 shirts, 50 pairs of shorts and 20 tracksuits, this is in addition to a widening choice of sports bags. Many of our models are designed for specific sports, in most cases they are also compatible for general sporting use, all models come in 10 sizes, 27 colours and a range of materials.

BESPOKE DESIGN
We produce garments directly to the customers specifications, colours and models are tailored to the requirement, offering endless permutations. This personalisation gives clubs and teams a unique identity which reflects in all they do, sponsors and partners are encouraged by their professional image and quality presentation.

GUARANTEED REPEAT SUPPLY
All models produced can be repeated at any time in any quantity even though they may not be current catalogue models, all customer designs are recorded on our database for reproduction at any time. Over the years we have collected more than 20,000 individual designs from associations, advertisers and promotion companies, this information although costly to administer provides a worthwhile service to give total longevity of a club or team image.

Fabrics

LIGHT COOLMAX * polyester 100%

JACK COOLMAX * polyester 100%

Comfortable dry skin-feel with excellent moisture management. Superlative breathability which enhances quick drying. Two of our most comfortable fabrics with our Panzeri built in advanced technology.

X-fit polyester 85% - elastan 15%

Ultra-light material:
- breathable
- UV protection
- quick drying.

STRETCH POWER polyester 80% - elastan 20%

Achieves excellent stretch and compression reducing muscle vibration, this improves performance and gives excellent freedom of movement.
Chlorine and salt-water resistant.

TRI-POWER polyester 80% - elastan 20%

Italian engineered stretch fabric created for triathlon for genuine compression high performance athletic apparel.

WINTER STRETCH polyester 87% - elastan 13%

Two way stretch fabric which is hardwearing, comfortable and easy to care for.

WINDTEXLIGHT polyester 100%

High-tech super light fabric with membrane that offers all Windtex windproof and waterproof features in just 90 gsm for maximum comfort and all-weather use.

WINDTEX * polyester 100%

Allows breathability and wind proofing at the same time as maintaining warmth and waterproofing.

JACK polyester 100%

Our base fabric especially made for shirts and shorts manufacture combining comfort and long durability.

FILANCA polyester 100%

High technology soft fabric, developed from microfibres to improve athlete comfort.

Washing

Materials we use, which are of excellent quality and made specifically for sport, are machine washable. The printing has been treated to withstand machine-washing. However, for best maintenance it is advisable to wash the articles by hand in warm water. It is also advisable not to leave sweaty or damp items for days inside a holdall.

Colours

WHITE	LEMON	VIOLET	GREEN
GREY	YELLOW	NAVY	DARK GREEN

ATHLETE NAME

The items in the photos are just a few examples.
We produce your uniforms in endless color combinations with logos.

Sizes

In the next page you can find the charts of Panzeri's sizes for men and women with the body's measurement in centimeters. If your measures are in between two sizes, choose the smallest one for an adherent fit while the biggest one for a more comfy fit.

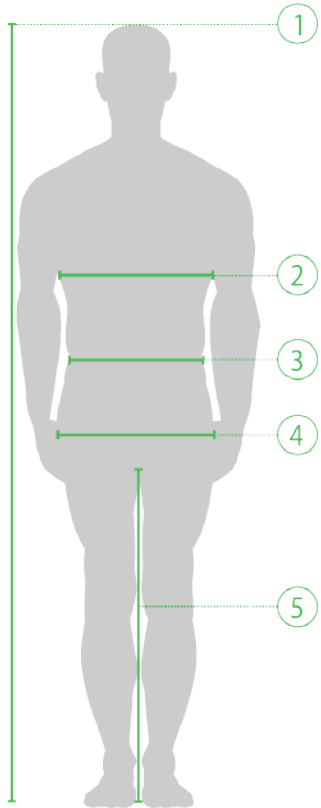
1 - HEIGHT

2 - CHEST
Measurement of the circumference at the widest point of the chest.

3 - WAIST
Measurement of the circumference at the narrowest part of the waist.

4 - HIPS
Measurement of the circumference at the widest part of the hips .

5 - INSIDE LEG
Measurement of the inside leg length from the crotch to the floor.



SIZES VARIATIONS

It's possible to produce longer or shorter garments.
For example:

IV length V, IV length VI, IV length VII
IV length III, IV length II, IV length I
